DEPENDENCY INVESTIGATORS NOW HAVE ACCESS TO THE DCFS DRUG AND ALCOHOL PROGRAM'S ELECTRONIC REFERRAL SYSTEM

The DCFS Drug and Alcohol Testing Program's Electronic Referral System (ERS) has the following new features:

1. Both the Primary CSW & DI are able to submit a drug and alcohol testing referral for their mutual client electronically. Please note that submission of a referral for the same date for a mutually-served client will NOT be possible.
2. Both the Primary CSW & DI are able to obtain the drug and alcohol test results from the DCFS Drug and Alcohol Testing Program's ERS for a mutually-served client.
3. When a DI is no longer assigned as the secondary worker, then s/he will no longer have access to the original DCFS drug and alcohol test referrals or have access to the test results.
4. Primary and DI SCSWs within their respective DCFS Regional Office will continue to have access to submit a drug and alcohol testing referral electronically on any client on behalf of a CSW as well as having access to the drug and alcohol test results.

Please refer to the [Electronic Drug and Alcohol Testing Referral System Tutorial](#) for additional information.
